6 February 2016

IPCC Expert Meeting on communication to be streamed online

GENEVA, Feb 6 – Plenary sessions of the Intergovernmental Panel on Climate Change (IPCC) Expert Meeting on communication will be streamed live and can be followed online.

The meeting is being held on 9-10 February 2016 in Oslo, Norway, to help the IPCC strengthen its communications as it starts work on its next cycle of reports.

The Expert Meeting will develop recommendations to present to the Panel to help it make IPCC reports more readable, accessible and policy-relevant.

To follow the meeting, go to <http://www.videoforweb.no/miljodirektoratet>.

The hashtag for the meeting is #IPCCOslo .

A press release about the meeting can be found here :
