

COP17/CMP7 Side Event

Finalisation of the IPCC Software for the 2006 Guidelines, and Recent and Planned Work of the IPCC Task Force on National Greenhouse Gas Inventories

Wednesday, 30 Nov 2011

18:30—20:00, Apies River

:

This side event will demonstrate the IPCC software for the 2006 IPCC National Greenhouse Gas Inventory Guidelines. This software is being finalised and should be released early next year. Currently pre-release versions of the software are available for review at the IPCC TFI website.

<http://www.ipcc-nggip.iges.or.jp/support/support.html>

In addition, other aspects of the IPCC National Greenhouse Gas Inventory Programme will also be presented.

Agenda

Topic
Open and Welcome
Introduction
